

## MUSKY STOCKING - LITTLE SAINT GERMAIN

Larry Acker in West Bay reports that the DNR stocked 490 musky in the 10-12 inch range today (see attached photo). The fish have a private hatchery value of about \$5,000. Thanks to Larry for sharing the news and many thanks to Steve Gilbert, DNR Fisheries Manager for arranging for the stocking.

One of the decisions made at the September 3 annual meeting was to levy \$10,000 for walleye stocking, based on a recommendation of Steve Gilbert. We are looking into whether private hatchery extended growth walleyes are available for purchase this fall yet or if we'll have to wait until next year to place our order.
