Hi Folks,

We are into August and we need help with our watercraft inspections. We can work around any schedule if you can find time to help at the boat landing. The scheduled time is usually 3 hours.

Feel free to call me at home, 715-477-2879, cell 608-698-2745 or email me at <u>limirek@verizon.net</u> If you need training you can get trained every Monday at 1 P.M. at the Flea Market or we can get you trained at the boat landing .

Talk to you soon,

Lou Mirek
